RESOLUTION NO. 26 -2011, ADOPTING LOCAL LAW NO. -2011, A LOCAL LAW ESTABLISHING A FOOD POLICY COUNCIL FOR SUFFOLK COUNTY

WHEREAS, there was duly presented and introduced to this County Legislature at a meeting held on October 12, 2010, a proposed local law entitled, “A LOCAL LAW ESTABLISHING A FOOD POLICY COUNCIL FOR SUFFOLK COUNTY;” now, therefore be it

RESOLVED, that said local law be enacted in form as follows:

LOCAL LAW NO. -2011, SUFFOLK COUNTY, NEW YORK

A LOCAL LAW ESTABLISHING A FOOD POLICY COUNCIL FOR SUFFOLK COUNTY
BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF SUFFOLK, as follows:

Section 1. Legislative Intent.
This Legislature hereby finds and determines that access to healthy food is essential to maintaining a healthy, productive society.
This Legislature also finds and determines that over 18% of Americans did not eat enough last year.
This Legislature further finds and determines that there are at least 7,705 households in Suffolk County which do not have a car and are located more than 1 mile from the nearest food store.
This Legislature finds that many more people in Suffolk County have only limited access to healthy foods, as they cannot afford to purchase fresh food and must frequently purchase processed foods with little nutritional value.
This Legislature determines that the growing obesity epidemic in the United States and increased cases of Type II diabetes in children are related to our local and national eating habits.
This Legislature also finds that 22.3% of all children in Suffolk County are obese.
This Legislature further finds that strengthened food policies by federal, state and local governments can improve public health and help families obtain healthy, fresh, nutrient rich foods.
This Legislature also determines that food policy councils bring together stakeholders from diverse food-related sectors to examine how the local food system is operating and develop recommendations on how to prioritize food policies and improve food systems.
Therefore, the purpose of this law is to establish a food policy council for Suffolk County.

C. To develop policies that encourage success in small and midscale farming ventures, decrease exposure to hazards and support fair labor practices.
D. To utilize a broad range of public investments and tools in Suffolk County to increase public access to healthy food and decrease inequities across race and class which contribute to food insecurity and compromise health.
E. To implement steps to eliminate artificial pesticides and fertilizers, genetically modified organisms, and other contaminants that disrupt ecosystems and human health.
F. To help promote local and regional sustainably grown, harvested or produced food within the food system, and encourage local businesses to distribute and promote these foods in every community, especially in the underserved communities of Suffolk County.
